## **DETAILED ACTION**

### ***Amendment to the Specification***

1. On page 2 of the amendment submitted July 7, 2003 applicant submits a clean copy of an amendment to paragraph 0001 of the specification while on page 14 the marked up copy of the same paragraph is referred to as 0002. However, neither of these paragraphs appears to be paragraphs 0001 or 0002 of the specification, but rather appear to be paragraph 0003 of the specification. In view of this, the Examiner has entered this amendment as an amendment to paragraph 0003 of the specification. In response to this Office action applicants are requested to acknowledge whether or not the Examiner's decision to enter the amendment as an amendment directed to paragraph 0003 is correct or not.

### ***Amendment to the Claims***

2. Although the amendment to the claims does not request the cancellation of claims 15 to 17, line 5 of the REMARKS section of applicant's response refers to claims 15 to 17 as having been cancelled. In view of this, the Examiner has cancelled claim 15 to 17. In response to this Office action applicants are requested to acknowledge whether or not the Examiner's decision to cancel claims 15 to 17 is correct or not.

***Claim Rejections - 35 USC § 112***

1. Claims 1 and 3 to 14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

I. It is not clear what it is that applicant is attempting to claim. Claims 1 and 3 to 7 are directed to a white gold composition, yet these claims do not recite the presence of gold.

II. In each of claims 9, 10 and 12 the proportions add up to 101%. It is not clear how this can be.

III. In line 2 of each of claims 8 to 14, it is not clear what the phrase, "which is further comprised of" is referring to. Does this phrase refer to the "white gold composition" recited in line 1 of each of these claims or "an alloy composition" recited in line 3 of each of the claims?

***Conclusion***

2. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

Art Unit: 1742

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
